bin me

As we update and expand our wine list, we often find one-off bottles hiding around our cellar. They may have been orphaned by a recent vintage change or may be the last of an allocated case. These bottles would be worth between \$50-\$120 on our list, but would like to share them with you for \$50.

The catch: **This will be a blind pick.** All the "grab bag" selections are red wines, but the rest will remain a mystery until it reaches your table. Enjoy!
